

Nexeo Solutions and Solvay Announce Home Care Surfactant and Polymer Products Distribution Agreement

March 14, 2018

Solvay's Novacare business appoints Nexeo Solutions as distribution partner for United States

THE WOODLANDS, Texas, March 14, 2018 (GLOBE NEWSWIRE) -- Nexeo Solutions, Inc. (NASDAQ:NXEO), a leader in chemicals and plastics distribution, announced today it will expand its business relationship with Solvay to distribute home care surfactant and polymer products into the North American market.

This decision comes after the Novacare business unit of Solvay USA Inc. embarked on a realignment and consolidation strategy for its distribution network involving the Home Care Market in the United States and reassessed their distribution needs. Based on this assessment, Solvay made the decision to appoint Nexeo Solutions to support its current and future Home Care Product needs.

"We are pleased to deepen our relationship with Solvay by adding their market leading Home Care products to our portfolio. The addition of home care surfactant and polymer chemistries complement Nexeo's portfolio of products sold into the Home Care market," said Joey Gullion, Vice President of Specialty Chemicals at Nexeo Solutions. "We are excited about the development opportunities the products will bring to our valued customers."

"This agreement serves as an example of the strong relationship that we already share with Solvay across a broad range of markets," said Brian Herington, Executive Vice President of Chemicals for Nexeo Solutions. "This authorization continues our strong progress of accelerating our specialty mix, a key component of our overall Chemicals strategy."
