Nexeo Solutions Expands Distribution Agreement with Cabot Corporation into Canada

THE WOODLANDS, Texas, June 14, 2018 (GLOBE NEWSWIRE) -- Nexeo Solutions, Inc. (NASDAQ:NXEO) and Cabot Corporation ("Cabot") have expanded their agreement to distribute Cabot's specialty carbon, fumed silica, fumed alumina, dispersion, and aerogel product lines in Canada.

Cabot operates 45 manufacturing facilities in 21 countries around the world. It is a technology and innovation leader whose specialty chemical and performance material product lines are used in a wide variety of applications in packaging, life sciences, coatings, adhesives, sealants and elastomers markets. Nexeo Solutions has successfully leveraged their technical sales expertise and network capabilities to provide complete distribution of these same Cabot products to customers in Delaware, Illinois, Indiana, Iowa, Kansas, Kentucky, Michigan, Minnesota, Missouri, Nebraska, New York, New Jersey, North Dakota, Ohio, Pennsylvania, South Dakota, West Virginia and Wisconsin since October 2017.

"Working with Nexeo Solutions to distribute our high-value products to customers has proven to bring numerous benefits to our customers," said Bill Masterson, Cabot North American Commercial Director, Performance Chemicals segment. "We are pleased to expand our partnership with Nexeo Solutions and believe that working with a global leader that shares our drive for technical innovation will help deliver meaningful benefits to our customers in Canada."

"We are excited about expanding our specialty chemical portfolio in Canada with Cabot's product line," said Joey Gullion, Vice President, Chemical Specialties at Nexeo Solutions. "Over the last eight months, our technical sales expertise and superior supply chain service have been a great complement to Cabot's high-quality products for customers across industries. Leveraging our strong distribution network and market and commercial expertise, customers benefit from a team committed to delivering the right solutions for their business needs."
